As stated in Tuesday's paper, the county treasurer has turned the delinquent tax executions over to the sheriff and Sheriff Buford gives notice in this paper that he has these executions. Treasurer Epps states that he has the largest number of delinquents this year that he has had since he has been in office. The number exceeds 800. This is accounted for to some extent by double entries.

## AS TO STREETS.

## Court House Street Should Not be Wagon Way—Corner Court House, Site to be Given to Straight-on Street.

The new street, which it is proposed to open by the Hotel Frederick and between it and the court house lot comes into Thompson street just in front of Mr. J. G. Brown's stables. The extension of this street through the property up to the Presbyterian church will begin in Thompson street some 90 feet north of Mr. Brown's stables and about 65 feet from the corner of Harrington street. The street is proposed to be a 50 feet street, and it is understood that the court house commission will cut off the corner of the court house lot on Thompson street and Harrington street so as to make this new street run straight into Harrington street. This will throw the street very much nearer to the court house, and if the new street between the court house lot and the Frederick Hotel is made for the use of wagons and buggies, we will then again have the court house in a public square and surrounded by streets.

As a matter of fact the street which it is proposed to open between the Frederick Hotel and the court house lot should simply be a walk way and not open for wagons and buggies at all. The distance from it to Harrington street is so short, and as it does not run directly into the new street, which it is proposed to open, there can be little advantage in having it made a wagon road. If it should be made so as to be used by wagons, the noise will be about as annoying as it is at the present location of the court house. To make it a nice walk for pedestrians would be much better than to open it as a regular driveway.

## IMPROVEMENTS WARD ONE.

## Alderman Baxter Looking to the Interests His Ward—Good Work On Bridge Near Railroad.

Alderman P. F. Baxter, of ward 1, has done some excellent work in the repairing and rebuilding of the bridge across Scott's Creek near the railroad. The bridge is now 38 feet long and has been raised and placed upon rock abutments. The bridge has been shortened some sixteen feet on one side and thirty-two on the other and the street filled in. The branch, which went down from Hair's barber shop has been changed and made to cross the street and empty into the creek above the bridge. This is an excellent piece of work that has been done by Alderman Baxter, and instead of taking about 20,000 feet of lumber for the bridge, as heretofore, it will take only about 3,000 feet now, which is a considerable saving in itself.

## THE CHILD STILL BORN.

## Report of Foul Play to Infant Proves Groundless—Coroner Held Inquest.

Some one on Wednesday morning reported to the police of Newberry that a baby had been killed in Helena. The police notified Coroner Lindsay of the information they had received. The coroner immediately went to Helena and impaneled a jury of inquest.

The facts developed at the inquest are that Sallie Maffett an unmarried negro woman had given birth to a child and some one reported that it had been killed.

Dr. W. E. Pelham, Jr., who made the post mortem together with Dr. P. G. Ellis report that "we have examined the dead baby of female infant at the instance of the coroner of Newberry county (Coroner Lindsay) and it is of our opinion that it was a still born child." And this was the finding which the jury reached.

The child was born on the 5th of May and was buried on the 6th. The body was exhumed and the examination made made with the result as above stated.

## THE UNION STATION.

## Umbrella Sheds to be Put up at Once—Union Station to be Opened by June First.

Superintendent Rice, of the C. N. & L., was in Newberry on Wednesday accompanied by a contractor, looking to the erection of the umbrella sheds, so as to complete the arrangement for the union station at Newberry.

The material will all be gotten out at the mill, and when the contractor comes to Newberry to do the work, he will finish it in three or four days. Mr. Childs says that he will make the connection and receive and deliver passengers at the Southern depot on the first of June whether or not the umbrella sheds are completed. At that time Mr. G. L. Robinson will take charge as union ticket agent representing both roads. In the meantime Mr. Childs ought to tear away the old passenger station, which is now used and the space between the two tracks needs to be filled in. Mr. Rice says he will do this at once, and when the work is completed it will add very much to the convenience and comfort of the passengers as well as to the appearance. It will not be long, however, before the people will find that it will be to the convenience of the travelling public to have the passenger depot divorced from the freight station.

lumbia, are at Dr. Luther's.

Miss Hopkins has gone to Greenville, after a week pleasantly spent with Miss Russell.

Mr. J. Y. Thompson will spend a couple of days at Kinards on business.

Your correspondent is glad to say that Mrs. J. W. Hartman is improving at this writing.

Dr. Hallman, of Spartanburg, is in town for the Missionary conference. He is the guest of Mr. C. G. Barrier.

Messrs. J. F. Browne, P. C. Singley, C. M. Harmon, F. E. Schumpert, and L. C. Merchant spent Tuesday night on the banks of the Saluda fishing. They claim to have caught forty pounds. This may be a fish story.

The Prosperity Oil mill has been running for the past ten days, working up what seed they bought since the mill had shut down. The management decided it was better to crush them and get the meal and hulls for use. They will be running for some days yet.

There is a great deal of complaint by the farmers of their cotton dying. The cool nights and wind are very much against it. Some are planting even at this late date.

Many thanks, Mr. Editor, for your kindly notice of our old folks day. We have had many to speak of it to your correspondent and remark: "It was a good writeup." Come again next year.

We would be glad to mention all the friends who came and enjoyed with us the day, but there were so many that we can't remember them all, but we extend an invitation to all of them to be with us again next year and enjoy another glad day with us.

The William Lester Chapter, U. D. C.'s will serve ice cream Tuesday and Wednesday evening on Mr. F. E. Schumpert's lawn. The proceeds will go towards civic improvement.

Mrs. Copeland is visiting her parents.

Capt. John B. Fellers, who was reported in this correspondence as having gone to Atlanta on business, turns out that it was a very pleasant business in the end. While it was known to a few personal friends, it was quite a surprise to the town generally when it became known that he would return on Tuesday and that he would bring a bride with him. He was married on Monday to Mrs. Harwell, of Georgia. They were met at the train and showered with rice and they were serenaded on Tuesday night by quite a crowd. We extend congratulations.

The recital by the music class of Mrs. J. F. Browne will be given May 30, at 8.30 p. m. The programme will be published in Tuesday's paper.
